PROCEDURE FOR ABLE BODIED EVENTS:

1. Marks are taken from the previous five years of state results using the 6th place mark. Only the middle three marks from these years are used in the calculations of averages (the high and low outliers are thrown out.)
2. Running event averages not ending in an even zero at the hundredths place are rounded down to the next lowest hundredth.
3. Shot Put and horizontal jumps averages not ending on an even 1/4" are rounded up to the next highest 1/4".
4. Vertical jumps, Discus, and Javelin averages not ending on an even inch are rounded up to the next highest inch.
5. These marks have been independently vetted by multiple parties. If, however, there is an apparent discrepancy, please send notice and explanation to wstfcaprez (at) gmail (dot) com. Accuracy is of the utmost importance.

Sincerely,

The Washington State Track and Field Coaches Association
